Commissioner
John McMillan

Agriculture: Alabama's Growth Industry

Thanks to growing world demand for the products grown and raised by the American farmer, commodities, such as cotton, wheat, corn, cattle, poultry and eggs, prices are at all-time highs. With sustained higher prices, farmers are enjoying banner years.

This is the case in Alabama as reflected in a recent survey of our agriculture industry.

"Alabama Agricultural Statistics," is an annual bulletin published in cooperation with the U.S.

Department of Agriculture, Alabama Cooperative Extension System, Auburn University and the Alabama Department of Agriculture & Industries.

Here are some of the highlights from the 2011 report:

- Total farm receipts were over \$5.07 billion for the year. (excluding forestry)
- Cash receipts from crops, livestock and poultry totaled \$4.55 billion, up 7.3 percent over 2010.
- The top five farm commodities for cash receipts were: (1) poultry, (2) cattle and calves, (3) greenhouses and nursery, (4) cotton, and (5) soybeans. Together, they comprise 87 percent of total commodity receipts.
- Poultry and livestock accounted for 82 percent of total receipts and crops the other 18 percent.
- Poultry made up 68 percent of farm receipts in 2011.
- Alabama ranked third in

ALABAMA IMMIGRATION LAW IN EFFECT

Please Note: Significant portions of the Beason-Hammon Alabama Taxpayer and Citizen Protection Act, Alabama's new immigration law, became effective on January 1, 2012.

Commissioner John McMillan last year organized an informational webinar led by attorney Tommy Eden, of Capell & Howard, to help agribusinesses learn about the new responsibilities created by the Beason-Hammon Alabama Taxpayer and Citizen Protection Act. The commissioner also organized numerous meetings with agribusinesses around Alabama to address their labor needs for this year.

While there are many aspects to the new law, the following information is important for our readers:

- Any business that contracts with or receives grant funds from any state or local governmental agency must be utilizing the E-verify system at this time.
- All employers in Alabama must be registered with E-verify beginning April 1, 2012. Businesses and individuals that enter into contracts with or receive grant funds from the Alabama Department of Agriculture and Industries (ADAI) will be required to sign an affidavit stating they are in compliance with the new law and provide the ADAI with a copy of their E-verify Memorandum of Understanding.
- The Alabama Department of Homeland Security will be assisting businesses with 25 or less employees register with E-verify.
- Any individual applying for a license from ADAI is now required to sign a declaration that they are a United States citizen or an alien lawfully present in the United States.

More information on the E-verify program can be found at: www.dhs.gov/e-verify.

The full text of the immigration law can be found at: www.ago.state.al.us/File-Immigration-AL-Law-2011-535.

McMillan's Message CONTINUED...

U.S. broiler production with marketings of 1.03 billion birds.

- Laying flocks produced 2.18 billion eggs to rank 14th in egg production.
- Cattle inventory was 1.23 million head on January 1, 2011, ranking Alabama at 25th nationally.
- Catfish sales amounted to \$107.5 million. Alabama ranked second behind Mississippi in sales.
- Principal acreage for crops were: corn 270,000, cotton 340,000, peanuts 190,000, and soybeans 350,000.
- Alabama ranked third in peanuts and 10th in cotton production.
- The state was fifth in pecan production and 17th in peaches.

For a full report, go to www.nass.usda.gov/al.

It may be of interest to know there are 48,500 farms in Alabama, up from 46,000 in 2001, and 9 million acres in production, up 100,000 acres from 10 years ago. Contrary to conventional wisdom, the number of Alabama farmers and farms is on the rise.

Public Notice By Alabama Pork Producers And National Pork Board

The election of pork producer delegate candidates for the 2013 National Pork Producers (Pork Act) Delegate Body will take place on February 7, 2012, at 1 p.m., in conjunction with a meeting of the Alabama Pork Producers during the Alabama Farmers Federation's Commodity Organization Meeting on the second floor in the Cahaba Grand Conference Center, 3660 Grandview Parkway, Birmingham, Alabama 35243. All Alabama pork producers are invited to attend.

Any producer who is a resident of the state and has paid all assessments due may be considered as a delegate candidate and/or participate in the election. All eligible producers are encouraged to bring with them a sales receipt proving that hogs were sold in their name and the checkoff deducted. For more information, contact: Alabama Pork Producers, P.O. Box 11000, Montgomery, AL 36191-0001, telephone (334) 612-5181, email ghall@alfafarmers.org.

PRODUCT SPOTLIGHT

In 1906, William Fitz Donovan searched for the perfect name to describe his savory new coffee. Since a red diamond is a jewel that's unsurpassed in quality, it was this name and standard he chose to follow. Nine decades and four generations later, Donovan Coffee Co., now known as Red Diamond Inc., is one of the three oldest coffee and teas companies in the nation continuously operated by members of the same family.

A cup of Red Diamond can be enjoyed in fine restaurants, hotels, offices, hospitals, and homes across the Southeast and in many parts of the nation. Today, the company serves its customers with over 6,000 beverage and food service products. Red Diamond also stands as a national leader in the production and distribution of private label brands.

As a customer, you have their commitment as a family to provide you with products of exceptional quality, fair pricing, and superior customer service. For over 100 years, they have successfully built customer relationships based on their dedication to this philosophy.

Since 1906, by focusing on their expanded family of management, employees and suppliers on these principles, the company has grown as an industry leader. The company plans to continue to follow its legacy of high standards into the future.

It's what you would naturally expect from "The South's Finest."

MASTER GARDNERS RECOGNIZE SERVICE

Candace Jones, of Equality, president of the Central Alabama Master Gardeners' Association (CAMGA), presented long-time association newsletter editor Mary Vines Long, of Elmore, with the Rick Beauchamp Service Award in December.

Mary Vines Long (center) is presented the Rick Beauchamp Service Award by Rick Beauchamp (left) and Candace Jones (right).

In addition to serving as editor of CAMGA's newsletter, The Garden Buzzzzz, for more than 12 years, Long has served as secretary of the association, presented numerous classes on herbs and houseplants and programs for garden clubs on hydrangeas, herbs and roses. Additionally, she is a 35-year member of the Montgomery Federation of Garden Clubs, having served as secretary and vice president; a past-president of the Lonicera Garden Club; is an accredited flower

show judge for National Garden Clubs and judges several flower shows each year in Alabama and North Florida. She is on the state board of the Garden Clubs of Alabama and is that group's horticulture chairman for the state.

The award is named for Rick Beauchamp, of Wetumpka, who retired in 2010 as the Elmore County agent after 30 years of service.

HISTORY IS ALIVE AT LANDMARK PARK

The history and heritage of the Wiregrass area is present at Landmark Park in Dothan. Designated *Alabama's Official Museum of Agriculture*, Landmark Park is a 135-acre park, featuring a boardwalk, nature trails, 1890s Wiregrass Farmstead complete with animals, crops, buildings, and more. What started as 60 acres and an army tent continues to grow, with the commitment to preserve the agricultural heritage of the area.

The Waddell House remains the focal point of the farmstead. Over the years, other historic buildings have been moved to the park, including the Headland Presbyterian Church, Shelley General Store, Browns Crossroads one room schoolhouse and Martin Drugstore, with a working soda fountain

Thousands of visitors flock to Landmark Park each year not only to enjoy the historical farmstead but the elevated boardwalk, nature trails, wildlife exhibits and playground. The Digitarium Planetarium at Landmark Park is the only planetarium within 100 miles. Certain areas of Landmark Park, including the Stokes Activity Barn and "The Barnyard" Playground and Pavilion, also are available to rent for parties and weddings.

Special events throughout the year include Spring Farm Day and Wiregrass Heritage Festival, which provide visitors with entertainment and hands on activities, demonstrating farming methods from over 100 years ago. Workshops, festivals, fundraisers and camps also take place during the year.

Landmark Park provides the perfect "classroom" for field trips, and thousands of school children throughout the year participate in the specialized seasonal sessions

The Waddell House is the focal point of Dothan's Landmark Park. However, other historic buildings have been moved to the park, including a church, store and schoolhouse.

offered by the education staff. With only a small full time staff, Landmark Park depends on volunteers to help run the park. More than 8,000 volunteer hours are usually donated each year to help with special events, educational programs and general maintenance.

Landmark Park charges a daily admission fee,

but memberships also are available. A member of Landmark Park pays a yearly fee and receives free admission, plus a subscription to the quarterly newsletter "The Lark," and other benefits. For more information, visit www.landmarkpark.com or call 334-794-3452.
